

LUNCH WITH A LEADER SERIES

2018 Series

Critical Issues Facing Collegiate Student Parents

United Way Monterey County presents **Lunch with a Leader Series** hosted by the Emerging Leaders Society (ELS).

The four-series event will bring together dynamic institutional and organizational partners for quarterly luncheons with the young professionals of ELS. The series focuses on providing both information to support the Emerging Leaders' Big Idea as well as opportunities for personal development and networking.

Current and prospective Emerging Leaders will have the opportunity to hear from local community experts, share their own ideas and gain inspiration for effective community engagement in an intimate setting.

The Society is open to anyone 21-35 years of age who gives, advocates and volunteers to create **Big and Lasting Change** in Monterey County.
